Get to Know our Training Center

- AFG began operations in May 2013 in Fort Lauderdale with two A320 Full Flight Simulators.
- Located by the Fort Lauderdale International Airport, this facility serves as the company's headquarters.
- The 30,000 square foot facility houses nine A320 simulators. Two A320 cabin simulators have also been provided for the purpose of evacuation training (all owned by Spirit Airlines). Numerous conference rooms & offices are available to our customers to assist with briefing/debriefing protocols.
- It services customers from the USA and Latin America.
- It is also the primary home for Spirit Airlines flight and cabin crew training.

Other useful information

Here you will find some important numbers for the Fort Lauderdale area. First-time visitors should note that while 1 plus the (800) toll-free area code always must be dialed, sometimes 1 may be required before the local area code (954) when calling a Fort Lauderdale number from within the Fort Lauderdale area. Sometimes 1 is not required when calling the neighboring (305) or (561) areas. In any event, the Fort Lauderdale area has 10 - digit dialing which requires that an area code precede all phone numbers dialed. Fortunately, recorded messages from the local phone company will intercept incorrectly dialed calls, and provide the correct dialing instructions for the number attempted.
